

Your Commitment When You Join BESS

We know your time is precious, and that you have to balance the resources you have to deliver against existing and new projects, as well as outreach initiatives. So the list below is designed to give you an outline of the time commitment you'll be making when you join BESS.

Timescale

Identification of a project suitable for laser scanning (or provision of your own 3D modelling simulation if preferred). We will need you to secure approval from your client and all associated supply chain

Within the first month of joining

Company profile information (written for young people - our Student Media Team can assist with this)

Within the first month of joining

Internal comms to all your staff who will be involved, in order for them to provide 1) a simple CV; 2) their job title and job description; 3) an understanding of the time commitment they are making in responding to children's questions (**projected at 1 hour per week shared amongst ALL your staff**). Staff will all have the opportunity to create their own avatar and record a short careers video if they wish - additional time should be scheduled for recording videos, and we will work with you to identify suitable dates and locations

Within the first month of joining

High resolution logo and photographs, for use on website and in literature to schools

Within the first month of joining

Short statement of endorsement for use in BESS PR and in literature to schools

Within the first month of joining

Unlimited project profiles (copy, photographs and video content permitted) - written for young people, as before

Minimum of one project within two months of joining

Opportunity to submit mentors into the programme (can be STEM Ambassadors) - additional time requirement will be required from mentors

During the 12 month period (must take place during term time)
